

The flowers of summer
are ~~silent~~ and complete
The wretched children grove
at their families thoughtless feet

These flowers aren't generic
~~I don't just~~ sing only of these
white they sing a lovely promise
of a tough and lasting beauty

~~But~~ ~~and~~ ~~admiring~~ their presence
and its separateness ~~is~~ ^{most} fair
There are ~~butchers~~ in the garden
and we ~~dispar~~ ^{dispar}
