Now we've got to freeze we've got to freeze these weapons  
When the fascists rose the world took them  
and now we've got to get the bombs

4. From the Soviet Union to the US  
China France and all the rest

5. Get it Get it get it for its gotten out of control  
all those damn excuses gonna cause it all to blow  
and you know we've gotta freeze these weapons now

Its one mistake and away we go  
So first we freeze and then reverse
