

When things show the fear, surely to come
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

Well bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

Laugh
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

We're bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

We're bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

We're bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

We're bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

We're bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

We're bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell

We're bigger than the front of
Let him begin to begin
We're bigger than the front of
My eyes on the front of
all who say
we're bigger than the front of
Let them say the bell
Let them say the bell
