

Have you noticed your children saying grace
Recently at dinner with a smirk upon their faces?
Have your daughters started lying?
Have they smeared the golden rule?
Have your sons been playing hockey ~~from~~
from their choosen Sunday school?
Fathers have you read the papers yet today?
Aren't the numbers lately mounting
of the young girls gone astray?
Have your boys all gone to whiskey?
Have the kids said words like darn?
Have grapevine clouds been puffing
from behind ~~the~~ garage or barn?
If you've noticed then as I have of a prevalent
You should know there's something ^{moral decay,}
~~we~~ we all can do about this plague today!

Oh Lets put... God back in the schools
lets put God back in the schools
The youth of our nation deserves the relation
before they're atheistic old fools
~~Bring the~~ & While he's on the way
Bring the Bible back to stay
Fight now to integrate God back into the schools

Once we prayed + read the good-books
in classrooms cross the land
But now the Good Lord has been busted
+ he needs our helping hand
Where will he go without our kids ~~to~~
to pray to him in school
If he cannot have them there then they
will surely take to pool

So let's put God D in the S, let's put G B P H S
With Matriculation must be salvation
As well as the golden rule
Madelene Murray's an intruder
she should be shipped off to Cuba
~~And we should while~~
While God comes steaming
back into our schools.

First they take him from the schools
Then they take him from the courts
Then the pledge to allegiance
+ we'll be on the ~~the~~ road to ruin
They will take him so we'll never put him
Though we pray + search
Then they take him from the Bible
Then they take him out of church.

Oh, let's put God back into our schools
Let's put God back into our schools.
The youth of our nation
Should have this relation
Before they're ~~at~~ theistic old fools.

Mothers have you noticed your children
saying graces
~~at the dinner table every night~~
Every night at dinner with a
smirk upon their faces
Have your daughters started lying
Have they ~~learned~~ the Golden Rule
Have your sons been playing hooky
from ~~your~~ their chosen Sunday school?

~~Have you~~
Fathers have you seen the paper yet today
As the number ~~of~~ ~~yet~~ ~~some~~ ~~lately~~
mounted of the young girls gone astray
Have the kids all gone to whiskey
Have your tots said words like "darn"
Is your son ~~now~~ smoking grape-
vine behind garage or barn

If you've noticed then as I have
Of the prevalent moral decay
You should know ~~there's~~ something
~~that~~ you can do
About this plague today &

Once we prayed and ~~read~~ the
Bible ~~the~~
~~Body~~ classrooms cross the land
Now the Good Lord has been ousted
He ~~now~~ needs a helping hand
Where will he go without ~~our~~ kids
To pray for him in school
If ~~they~~ ^{they} ~~could~~ ^{could} have him there they
will ~~probably~~ take to pool
surely.

Now we've got to have a legal and
a pious resolution
That says that we'll put God
before the constitution
We will ~~hand in~~ ^{hand} the textbooks
in ~~all~~ school songs
and ~~all~~ thought.
And what's more, that is the very
cheapest that God ~~could~~ ^{could} be bought
~~ever~~

First they take him out of school
Then they'll take him from our courts
~~Then~~ the Pledge to Allegiance and we'll
be on the road to total ruin
They will take him so we'll never
find him ~~they~~ though we pray & search
Next they'll take him from the Bible
Then ~~they~~ they'll take him out of church
~~Now~~

WA6-5279

We ~~know~~ ~~their~~ methods + their tools
They must ~~think~~ we are fools
They lost in Spain & they'll loose again
if we castigate their cools
Sure! The Hormous win in Utah,
Sure! San Fran will go to Puhda
But WE get God back in the schools!

Now what we needs a legal + pious resolution
That says that we can put Our God before
the constitution!

~~We will have him in our textbooks,~~
in ~~the~~ our school songs ~~and~~
and our children's thoughts...

+ Whats more thats the very cheapest
God has ever been bought

So lets put God back in the schools
" " " " " "

As long as they've crawled
They shouldn't be damned
I miss out on classroom Epules
lets put God back in the schools
" " " " " "

Before our kids are atheistic,
" " " " communistic
" " " " homosexual old fools.
