

Translated ~~to~~ <sup>to</sup> lament

Winters come early  
Spring come late  
No one was surely  
There is much to wait

Summer come long  
Till there never was fall  
And winter's so soon  
Autumn ~~there is almost gone~~ <sup>gone</sup> all

And it's a ~~to~~ gold winter  
A polar bears tale  
Ice in your skin splinters  
And the winds whip and wail

There it's a hot hot summer  
Yellow ~~sun~~ sun white  
Most hotter than ~~summer~~  
To bask in the night

Little leaping ~~to~~ dragon fire  
Shot into spring and fall  
Creatures ~~in~~ cold ~~in~~ ~~the~~ <sup>chill</sup> fires  
The fall and spring with winter crawl

A man can sweat to bone ~~and~~  
And grind the summer long  
A woman ~~can~~ freeze alone  
and sleep without a song
