all is one

51

G Got no trouble with what I read ^{F Am}
 Faded on a wall ^{Em Am} hidden in the height ^G
 All is one is what it said ^G

Used to pass a decade ago
 When I'd see the word love written on a wall
 All is one makes some sense though.

all is one - all is one - ^G ^{Em Am} ^G
 " " " - ^G ^{Em Am} ^G
 - still + do not disappear.

Don't gotta be a saint to get a feel:
 Borders of most kinds not so real
 All is one has an appeal
 We all get flashes now + then
 Happens to Presidents and Mother Hers
 all is one is downright common.

All is one - all is one - you can even see it ^G ^{Em}
 " " - Well son of a guru - I know how

But when you get a bite of the heart ^G ^{Em}
 Buddy you'll be torn apart ^G ^{Em}
 All you'll know is you're on your knees ^G ^{Em}
 Sayin' that's not me, no that's not me ^{Am}
 an the one in all will be on the left ^G ^{Em}
 and the death star on the right ^G ^{Em}
 and all understanding worthless - be worthless + hate ^D
 once again be afraid be afraid of the night ^G

all is one - all is one - was too neat + sounds too true
 " " " " " " - for God's sake don't let it stick to you
 " " " " " " - what clever obstacles we create
 " " " " " " - the wolf with a sheepskin ^D
 guards the gate
