

Animal Suits Aug. 76

I love to see an animal suits;
you can see it if you pick up their style
for a minute it all seems worthwhile
when I see an animal suits.

Sometimes I see a bug alone
I wonder if he's walking home
God he's got a long way to go
Do you think he hears my hills?

People on the trolley; people in the streets;
people in the hills, people in the trees;
Bugs and bushes growing throughout the galaxies;
flies in the sky; birds in the trees.

around us all there's water and air
rocks and dirt all over there
with friends like these who need despair
let me introduce you to my buddy the pear.

People on the sidewalks, people in the house
People squashing bugs, person killed a mouse
strangled brooks in oceans the valleys and the mountains
Burred the air but didn't care even when they wiped themselves out

around us all there's water and air
There's rocks and cactus over there
with friends like that who needs despair
let me introduce you to my buddy the pear.

Ch. #2 here

What a hopeless hope to hang on to me
What a spl state to try to be free
Lies sitting and sulking at a party

I wasn't scared when I looked at the friend;
I didn't hurt when she pain was clean
I wasn't hungry cause I ate the fanger and

What a waste of time to try to save me sweet;
What a hopeless hope to hang on to me
What a sad state to try to be free
Lies sitting and sulking at a party
I wasn't scared when I looked at the friend;
It didn't hurt when she pain was clean
I wasn't hungry cause I ate the fangerme
Seeking no help I found delightful company.
