People always make definitions  
 Bout nuff to reach the sun  
 If we find some piece of mind  
 It'll be a son of a gun.

We are always adding factors  
 Round the earth a dozen times  
 If we find a sum - look at what we've done  
 Will it make us shine.

Does you feel like what on earth  
 " " " " " she begs  
 " " " " a stick a dynamite  
 Might teach you some respect

Makes you feel like we're washed out  
 " " " " there's no hope  
 " " " " a nana pea  
 " " " " a dope  
 " " " " startin over  
 " " " " washin hands

But the ground on which you stand,  
 makes you feel like hell, hell,  
 " " " " feels slant  
 " " " " good golly miss Holly

Tried a here + now  
 you and let  
 there + then  
 scrapin breath

Bowl nuff to reach the sun

If we find some piece of mind

I'll be a son of a gun,

We are always adding factors  
Round the earth a dozen times

If we find a sum - look at what we've done  
Will it make us shine.

Makes you feel like what on earth

" " " " " the best

Might teach you some respect  
" " " " a stick a dynamite

Makes you feel like we're washed out

" " " " there's no hope

" " " " a nana pea

" " " " a duff

" " " " startin over

" " " " washin hands

But the ground on which you stand,  
Makes you feel like hell's bells

" " " " feels slutt

" " " " good aolly miss Holly
