

Magic Pickle Oct. 77

My Buddy and me about 303
 Climbed out the window to get a bite to eat
 Walked on our hands to the Howard Johnsons
 Sat on a Vinyl seat
 Howard came up said what'll I be
 I ordered a mashed potatoe ^{with} a marinated cherry
 What my buddy said turned Howard's head
 and made his pencil freeze
 He said "Magic Pickle for me"
 " " " " " "

Howard peaked at the menu
 It was there in black and white
 He ~~whispered~~ ^{whispered} it to the short short order cook
 Who said come right up
 Magic Pickle Magic Pickle Magic Pickle
 Magic Pickle 60¢

Like double picklefoodle never be the same again
 Walked over to the Safeway Store with the selfsame friend
 He asked the clerk in a whisper
 Something that would make him get out and hush and
 He reached under the counter after looking around
 Pulled out a jar that was tall and thin
 It read "Magic Pickle 60¢"

Now we've got some giant subs
 In the basement to the right
 We go there in the evening
 with toothpicks and flashlights
 Magic Pickle

I can't tell you what happened
 It just wouldn't be right
 For when the magic pickle
 got out of sight
