I'm just an ordinary guy - pie in the sky by guy
apple pie - apple of your eye guy -
and I get by without laws because
I don't cover my ass -
and no way to survive at all
and in systems to the letter of the law.

I am a dime a dozen dandy - passion brandy when it's hardy
Martin Brandy can you stand it - underhanded gang's bounty
But I will not lead you to hell its smell
is subtle and refined as well - a draw
and cause the system to the letter of the law

When to grasp and when to relax and when to slay away
when to use your ammunition - when to go a step
when to trust the universe in someone's hands
when to yawn and scratch yourself and sleep

Now what's the law for Arkansas to Warsaw - hah
Foo pa - do wa - do da - Bydha

and who can talk with the cop on the block
on the street or the top or the rivers & jocks
or can get into leather - in gay bars or post clubs
or can get the weather in a noob with suits
or can be like the pelican that feeds its young

and be at the crook up the street with big feet
we repeat here together

Be at the flake of the flock or flow in the rock
we are locked in together
There's no predicting a slung yet the beast on the wing
sure has faith in a feather

Blah - blah - blah
darndest, lips + even saw
the law

When to trust the universe in someone's hands
When to yawn and scratch yourself and sleep upon the still

Now what's the law for Ardassan to Warsaw - hahaha

sure has faith in a feather
