It's Where you put your Passion

Bm F#7 (E open) Bm
No doubt about it F#7 look at it through
GM7 E7
Be careful and take it to heart
Ab7M7+E
Cause there's lots of chances
G#m D9 A
But life is short.
Bm F#7
For those who care I must exhort
GM7 E7
The course is clearly charted by you
F#7 F#+ Bm
It's where you put your passion that you choose.

Gotta get ready, it'll take a while
Work it out now, it will be perfumed
These are the phrases that destroy manhood
The feeling is there and so is your speed
Didja get caught by what it's telling you
It's where you put your passion that you choose

You decide it in the streets of town
In the safeway and in your meditation robes
In a holdup or a passing joke
Look around now - all this you have made
The lesson is long - there ain't any clues
It's where you put your passion that you choose
