

~~Samuel~~ Samuel Old Song

Aug. 76

Same old song I heard a thousand times before.

" "

When I hear it, I always ask for more,
What's in store?

Nothing new, nothing new the whole world in;

" "

Just the same old stuff coming back again
with said funds!

The best is in repeatin' but copy comes a close 2;

" "

Honey, kiss me again like the last time - would you
a scoobie doo!

Text. Down in swamp folks there playin' with genes;
Even on mars the first mutation that I met
came up to me and said
Oh I know what you mean, if you ever believe in
Can't go nowhere; there's nowhere left to go;

Can't do nothin' either - but feel the cold wind blow - the so + so
Can't up and be deluded it'll all be over soon;

It feels so good not to be howlin' at the moon;

just the same old stuff coming back again
with said fund!

The best is in repeatin' but copy comes a close 2;
