\*  
 you came to me  
 My fine unsuspected Song lady  
 you came to me  
 My fine unsuspected Song.

I came to thee  
 My fine unsuspected Song lady  
 I came to thee  
 My fine unsuspected Song.

Bye the way I can see your face lady  
 Bye the way the phone rings know your call  
 By the way we met through the details well forget  
 I can see our meeting in the leaves of fall

We came to be  
 My fine unsuspected Song lady  
 We came to be  
 My fine unsuspected Song.

By the way I can see our trace lady  
 By the way you move I know you all  
 By the way we've got a date  
 On Saturday Don't be late  
 I will wait for you ~~on the wall~~ on the wall

Now where are we - my fine unsuspected Song lady  
 Now where are we - my fine unsuspected Song.
