

# Moon Food

PM

~~Someone said the purpose of human life is Moon food  
Where there is to be increased  
For the day when she  
comes down to earth~~

~~Moon food - Someday baby  
The moon come down  
The purpose of all this is Moon food  
We stood out on the dark  
looking on the big cheese~~

There's a howling from the wolves  
in their retreat

There's lovers and planners in the light  
of the Big Cheese  
What's it for the growth on the road  
The rug salesman says that he sees  
Fits of passion, a cause, sobbing  
Absolute beliefs, redoubts, stopping  
The day when we'll be perfect for gobbling

~~Woolly Ate Moon Food~~

Moonfood 10/81

There's a howling from the wolves retreat  
 Lovers under the light of the big cheese  
 The grain in the wind knows a harvest begins  
 But this time its all that shall be  
 Moonfood - someday baby the Moon come a  
 The ~~purpose~~ of all this ~~is~~ Moonfood

Birds are calling in the trees  
 People wobbling in their knees  
 What's it for this growth on this oak  
 The ~~purpose~~ of all this ~~is~~ Moonfood

The planners are shocked, clowns sobbing  
 Hearts in the Mighty are throbbing  
 History's course just movement toward  
 The day when we're perfect for cobbling

Oh  
 Be sitting in your chair reading  
 and look ~~out~~ out the ~~glass~~ window at the evening  
 Down the slay it takes a ride  
 With a big grin for the eating
