

What Have We Gone and Done

I open up the paper after breakfast on the run
and often as I read it, I wonder what we've done

~~CHORUS~~

~~what have we gone and done~~

I drive my car to work then sometimes with the oven
and in the endless traffic I wonder what we've done

CHORUS

what have we gone and done what have we gone and done
" " " " " " " " " "

I eat lunch with my buddies and we're be havin' fun
I see the air raid shelter sign and wonder what we've done

CHORUS

I watch the network news at night confused as everyone
and when I put my child to bed I wonder what we've done

CHORUS
