

I don't want to be well adjusted to a society
that allows all the ~~shit~~ ~~shit~~ they all do
and creates ~~shit~~

Hate and Delusion as national policy
SO WE SHUT OFF THE TV
and start to go for a walk
and enjoy the beautiful day the stupid
TV just fucked up and we're
gonna forget all that hopeless
immortal disgusting reality garbage
and we're gonna find another
reality like a walk outdoors
and the paper boy comes by yelling
the headline and Theresa ran after
him screaming and we
ended up ~~the day and making~~
~~shit~~ ~~shit~~ ~~shit~~
in each others arms crying and
watching a beautiful sunset.
Screaming Chorus at end

"Yeah well what makes you think
you know so much!?!",

Kelly: "That's just another one of
your theories, Dad."

~~I know~~ I should be grateful there
aren't death squads here dragging
us away to be tortured and killed
and I am but the ~~supernatural~~ ~~shit~~ ~~shit~~
happens at all and I feel so helpless
It all makes me screaming mad.

It was a beautiful day
Thelma & I got up early
We felt good and decided
We'd go for a walk

But ~~but~~ first we turned on the TV
not that ~~we~~ were gonna watch it
but just to turn it on ~~for a minute~~
while we were getting dressed
~~and Thelma was doing her exercises~~
~~and then the news comes on~~

~~and everything was so horrible~~
~~I got so pissed~~
I want to go to one of those Therapy Sessions
where everybody gets naked ~~and they~~
a friend of mine told me about ~~it~~
He did it and it worked ~~and I felt better~~

~~Everybody's in a room full of pillows~~
~~acting out their aggression and~~
~~smashing pillows at each other~~
~~and they're telling me about stupid~~
~~and the TV's telling us Terrible things~~
~~Terrible things~~

people, do to each other and on TV
countries do to people: Violence ~~is~~ the only solution
I don't want to adjust to this ~~It's so uncomfortable~~
~~But sometimes I'd like to smash~~
To go to one of therapy groups, I get so pissed

Or I want to be an angry woman
Saw them at the Sound of music
~~Had to put cotton in my ears~~
Best goddamn fuck you music I ever heard

~~enjoy the beautiful day~~
~~I tried to help to do big things~~
~~but little things do anything~~
~~that nothing works and nothing helps~~
~~It's a world full of people not paying attention to their jobs~~
~~and shop who either give up or end up~~
~~enjoy the beautiful day~~ Screaming into the air
~~and the target~~
~~forget the~~
~~forget the reality, garbage~~
~~find another reality~~
~~this is a walk outdoors~~
and the paper boy
comes by yelling the headline
and then runs after him screaming the hell
we end up in each other's arms in tears
~~and crying and watching the sunset~~
~~the sunset~~
look out over the endless
and watching a beautiful sunset

I'm a world fulla people
got their head up their ass
and I guess I'm one of em
and I guess we all were
so I'll throw my fate to
the swiney masses
But I'm still screaming that

~~It should be hard~~

(Scream of Jap)

~~You're all a bunch of~~
~~immoral liars~~
~~You're crazy~~
~~central am~~
~~etc,~~
