

Were bigger than the Mormon Church even in Utah
 Though we just had a slight setback there
 Were bigger than the Catholics the Jews and the Moslems
 Heaven knows the numbers of the members we share
 Were bigger than the quakers and the hearts that bleed
 You're wasting your time folks were bigger than the Freeze

Were bigger than the armies and were bigger than failsafe
 Were bigger than the sissies and were bigger than the Saps
 Were bigger than the nervous nellys bigger than the pakase

were bigger than the marches and were bigger than the movements
 Though we too consider suffering
 We're bigger than those who just want to survive
 We promote the solution and we are winning
 Were bigger than anything, were bigger than TV
 Were bigger than the future and were gonna sorta end it
