

Blow us away 1

12/81

Oh I'm glad that you come home pretty much
Cause there's a big international ^{ATC} ^{Today} ⁷
and they said they're gonna blow us away

Blow us away

Be afraid they're gonna blow us away

Oh yes I'm glad that I came home yesterday

Cause at least we're together one more time
Before they go to blow us away

Pardon me ~~but~~ I couldn't help overhear

What you had to say
But what are you gonna do for this they
you say is gonna blow you away

I'm gonna hold my pretty mama

Well hug each other + shut our eyes
and hope that they don't blow us away

~~I hope I'm not ruled~~ ~~Excuse me again~~ ~~I'm ruled~~ ~~to~~
but would you allow me to say
whose gonna help you if you don't help yourself
From getting all blown away

Well pray to God we'll hope the politicians
and we have the power to save
Small little folks like little ole us
From getting us a blown away

Blow us Away 2

Gods not gonna do your work for you
and the politicians play with who plays
To change the tide you gotta step outside
or else they're gonna blow you away

But the bombs so ~~big~~ ^{many} there's so few
and they've got 'em all anyway
what on earth would you be us do
to keep them from blowing away

Use your ~~language~~ ^{words} and use your mind
and you will find a way
~~It's not a natural force~~
~~take this risk and~~

in language ~~there is~~ your only hope
+ I hope you dont get blown away

Oh Mamma ~~pratts~~ ^{pratts} mama
what did he have to say
lets go out and talk it up
Before we all get blown away
