

Got No letter
from above

Got no letter from my love;
Lives so far away.
If she sent a message out
Oh what would my love say?

Darlin creek so high

" leaves do fall

" mornin's dark and cold

Sun behind the mountain hills

Ch. E away out away out
In Tassajara - May she find her way

Got no phone calls cross the hills

Comin' to this Day

If she took the time to crank

What would my love say?

Darlin most birds left their winter

" canyon deep asleep

Deadwood burnin' after dinner

You know it as well as me

Ch.

No ESP from down below

No angles from above

Communicate what we don't need

all in our silent love

Darlin - I go tikiin

" Let's go slow

Winter's so my i. tikiin

are you still my bow

Ch.
