

# Do Leaves Feel Pain

Do Leaves Feel Pain?  
I ask you now and then,  
and if you say it's true,  
What do these leaves do  
When they feel such pain?

And I'm not asking for leaves alone  
In the trees or on the ground  
But for the endless sea of times as well  
What permeates it all  
Unimpeded by our walls  
Or imaginary shells.

Does the wind feel ~~the~~ love  
As it comes and goes  
and if you think it does  
Does it matter what it was  
OR what it is or where it flows

and if wind then galaxies alike  
In every kernal unsuspected  
By the mind of categorical men  
Is there any final page  
~~to this mounting page~~  
and is there nothing to give in?  
nowhere
