

## Love's Goin. Away

Love's goin away  
Down with the dead bears and ants  
Floatin on the great waterway  
In currents of lime and of sand.

Love's leavin me soon  
Brother do I have plans  
Got her own ditty to do  
Guess I'll water my plants.

High winds Blowin  
To carry her through  
She'll be rowin  
With her belongings  
Under the awnings.

Love's waving goodbye  
I'm on my tiptoes to see  
Soon her sails will go under rim  
Moon shine down in me.

Some moon shines on her  
Reflecting off her sails  
She'll be whistlin a tune  
off key to the last few whales.

Love's on a pay phone  
Docked for some coffee and pie  
Out in the jungle I rattle my bones  
And wait for the day I die.
