

The Pig in the Poke

The pig in the poke don't say
What he knows
The bird in the bush is puttin' on
no shows
Rabbit on the moon got a big grin
Havin' fun recyclin' I suppose!

Ball the jack-o-lantern at
Hollow eve's Adam's apple pie in the sky
is comin' down.

The cat in the cradle claws
the hand that feeds
The goose that layed the golden egg has still
got her needs
Snark in the night isn't chued in
No-one's comin' after him in the weeds.

Cantelovers cantelops can't deliver
Kant's eloquent paranoic -
zee parakeets

The snake in the grass is just
doin' his job
The birds in the pie ~~really~~ wanted
corn on the cob
and when the cow came down
NO one was around to sob

The 4 horses of Acapulco lisp
The tortoise hears
The elephants forget-
ting back his place
(1st verse fast then end)
