

Haven't you seen something today  
Something you ever had known to be true  
Then out of habit you try to grab it

~~But the price is one away from you~~  
~~and you watch it flying away then it's gone~~  
away from you

Haven't you found something today  
Something that's living but doesn't burn  
Turning around, you're back on the ground  
oh how ~~it's~~

~~it's~~ hard it is to learn  
My ~~is~~ is a ~~not~~ natural  
bed

My alters a mess

But there is no time for <sup>me</sup> to confess

Haven't we ~~felt~~ something today  
Something that's waiting but never has

~~Turning around~~ nothing to say  
~~we're back on the ground~~

Seen

~~the~~  
Something that ~~felt~~ touched us <sup>exactly</sup> where no one  
sittin back down, what was it we found <sup>can say</sup>  
Over and over as ~~we~~ ~~found~~
