# No more Numbers - No More Numbers

" " " Please

We are four little kids having fun

Sun of a gun

No more numbers please

Sesame Street

Bert and Ernie certainly are a wiz

But we sure get our number full hour of learning we call

Lay off a bit come on gee wiz you bug us me - there are other times

No more letters

No More symbols

Please etc.

ABC's are interesting - but we learn them in School

You have deep ins with TV

Do you take us for fools

a funny way to learn to read and count with count them

All they want is to
