

Waitin' for my love to come
Take me to the beach
For some skin in sun
But there is no way
~~to~~ it's only today ^{she's so far from}
and, I can see her ^{the Bay}

Hopin' ~~that~~ ~~the~~ clear
So she can help me disappear
a skin for no pay

~~That's not only today~~ I'll pay her something
anyway

I am locked up tightly in a room
She will visit nightly with her
pass key soothe the gloom

Waitin' for my hero to arrive
She can surely chase her ~~sins~~
Demons she ~~can~~ ^{can} slay
I'm gettin' them together ~~OK~~
~~It's~~ it's only today
and
