

~~We will~~ ~~Brit from Hell~~ / 86

Feel'n' might not
Slick in my shoes
Awww quite problem
Pay up my dues

What the fuck you care
You don't give a shit
Get what you want
Walk away with it

♯ (single bass notes)

You don't want to be selfish
You don't want to be small
But you ~~take~~ me like a shellfish
and crack open my claws

~~It's a warning from Hell~~ Brit from Hell!

Barefoot on ~~the~~ pavement
Full of broken glass
What is it for Sam
Surely not my ASS

Something I wanted
I got it for
Now it's been blunted
I been screwed

I might as well stink
For all the good it does
and so think
That's the ass you love

I know you told me
But where do I turn
That doesn't rot
That doesn't burn

You don't want to suffer
Well you're on the wrong show
You'll be no duffer
In no time now

You used to kiss my neck
Now you're strangling
When I'm dead,
Your nerves'll be jangling

~~It's Brit from Hell!~~ Brit from Hell!
~~It's a warning from Hell!~~
