Well I fixed the refrigerator
that broke down ~~today~~ ^{last} day
The plug came out of the wall
I put it back in

But when it comes to ~~making~~ ^{making} right
a ~~life~~ ^{life} that's ~~gone astray~~ ^{gone astray} broken down
I pray to the Lord to Come in

Pray come in ^{Bring me your}
Pray come in ^{clarified hope}

~~Bring me your~~ ^{A pray to the Lord to come in}
~~Show me your clarifying light~~
~~For when the things~~

~~I can do a subtle cube~~
~~But at life I am a cube~~
~~and I pray for you tonight~~

I have ~~straightened up~~ ^{put up} all my ~~books~~ ^{books} at home
~~and organized the den~~

~~My desk at work is~~ ^{organized}
and organized my desk
I even tidied up the den

But when it comes to straighten up
A life that's gone astray
I pray to the Lord to come in

So I worked the crossword puzzle
In the ^{morning} papers today
~~and went at ping pong~~ ~~and I knew everything~~
~~playing with a friend~~ ~~the answer~~ on the Wheel
But when I want an answer ^{of Fortunes}
~~to what's real~~

To the questions in my heart
I pray to the Lord to come on

She is there inside us

~~Though it's really she we are in~~
~~and she's in her~~
~~and she's in her~~
~~and she's in her~~
I guess

Though it's really her that we are in

She's nothing that's expected

and not like what they say

~~Oh~~ Oh I pray to the Lord to come in

Oh I can do a Rubrick's cube

But at life I am a rube

~~show me your clarity~~

And I pray to the Lord tonight
