

Wanna Woman like

6/80

Don't want a lover to take your place  
I can't fit anyway

<sup>A97</sup> Give it to some Goddess & might

<sup>B97</sup> I wanna woman like

Oh My Nevermind

~~The lady of light and the woman of South~~

I love them ~~for~~ very much

~~The lady~~ <sup>one is not</sup> not troublesome kind

I wanna woman like oh my nevermind

<sup>A97</sup> Now Honeydoucha get me wrong

<sup>A97</sup> Gonna ~~be in love with~~ you my whole life long

But I took <sup>for</sup> your picture from the wall

I do worship I do I thought

Everything I'm saying Sis

Worth about as much as the beer I piss

I'm just babbling & high

I want a woman like Oh My Nevermind

Can't take a woman & have a woman  
Or take a woman what you want

But you can politely ask her inside

I want a woman like oh my nevermind
