

~~don't~~ ^{D/D} believe ^{D/D} the earth ^{A418} is flat
round
egg shaped
testined
protected
created
existing
not

But I believe in Bullshit
" " "

I hear it see it babble it

~~don't~~ believe in Great Wise
Holy Spiritual
Special Supernatural Scientific
Advanced Victor's Souls People
Bodies Beings, Unbeings

~~But I say~~ Oh.
But I say Holy baby!
and ~~and~~ fearfulness of cult?
To possess ~~to get~~ the way
of the unknown you exalt

Don't deny the earth is rolling
Spring Bowling Capoling Mainfold
Flouring ~~anything~~ ~~nothing~~ at all ~~nothing~~

Oh But I'd deny the Bullshit

and like Harry Saps
I don't Wanna be a Shithead
~~So some laziness for it~~
So give up some laziness
Watch the grabbings of the bird
a flock of birds
Denial + Belief be so many words

When I offer a stick of incense
candles fire
~~for~~ an hour
to the word of bullshit

Truly Dickson
