HILDEGARD

May 14 78

Hildegard Hildegard please be deep  
 his eyes that are drooped and his mouth that is weak  
 his down to his last after all it is you  
 oh Hildegard what should he do  
 He's no worse off than anyone else  
 it's no good for you but you're good for yourself

Hildegard Hildegard like you alone  
 have you a strength that you must keep strong  
 if you do share it it's not never fear it  
 to be that can bear it and help you  
 Before you his personage built  
 True he's no good for you but then you're no good too for yourself

Hildegard where are you  
 what pitiful pain when alone  
 Remember she bidden who is  
 Please don't bid him adieu and say  
 Have you never felt as he felt

Box cars are noisily coughing  
 Releasing a sound in the night  
 Companies easily merging  
 Investors & stockholders delight  
 Asteroids are colliding  
 and never complaints in the fray  
 Oh woman just look all around you  
 Why all the forces at play
