The Rain

Maybe
I'm waiting for you to call the name of the rain that falls on
I'm waiting " " " take the rain ...
Rain that calls and rain that falls by all our walls and rooftops
Rain that very ordinary comes when it pleases in blazes + sinks
Oh yeh now rain brings wet kisses
and the
Oh the call of
all in all
I'm waiting tonight to feel the shame of the rain that falls on all
" " " to
Rain that spills and rain that kills and puddles down
precipitation on relations ice and snow and hail and sleet

the rain do do do do
" "
the rain
