~~[illegible]~~ 1st daylight 9/79

It's my 1st daylight + all I wants
To make a friend or two
It's my 1st day here and all I want
Is what I want to do

The road I took was a lonlyone
Though the scenery kept me company
The road I took was a lonlyone
Lonly enough for me
I'm chinking the shits, Thumbing the pits
Jumping the skids But I chewed on it
Some other kid I'd come amidst
Finally I'd get it I'll glue on it
one day I'd split

What I do when I stay
~~What are the priorities~~ Walk around these town streets
What I do 'cause I can't go away
Now let me see.

(1st verse)
~~(1st verse)~~
~~I'm chinking the shits~~
I'm chinking the shits
Boarded, caused a ruckus
It looks pretty sick
My living room
The kids are getting
At the shows I'm
