

4/9 199 Bird ~~Almost awfully~~
~~show graceful~~

Watched out there on those rocks
all splashed up by the waves ~~fast~~

They stalks
a stately bird though ~~white~~ grey and free
as ~~these~~ that fly from cold can be
closer they + fly to ~~sun~~
Lifts she then down folded wings
comes then that creature flings
Out to the air ~~like~~ like dreams escaping
Ocean rolls under ~~though~~ though he's wasting
she goes through
a mass and all the white there ~~is~~ watch
is this eye?

Almost awkward in the Pose
she ~~bleats~~ gathers up her strength and goes
Each time there's a mild surprise
That such a boney creature flies
over mottled rugged rocks
Joining them no fluttering flock
