You been a real hellraiser
Whatever's ~~our~~ past it is well to renounce
Cause it really can last or at least it can bounce
And Dennis - you were properly named

Dennis - You get off bein' lame
You win and through this wounded beast game
Whatever could hold people there by your side
When in fortune + Misery you specialize
And Dennis you were properly named

You ran into Bob F. - he had a Bible which had
This was something we all found hard to understand
It was nothing to you just the game old song
I believe you called it "I'm right you're wrong"

Dennis - How you hold on to power
You fund us ~~through~~ with your money + fame
and beaten up women and cursin the weak
Bein subtle with art and then soft and then weak
And Dennis you were properly named
