Don't fall asleep with these thoughts with the thoughts
" " " " " " "
" " " " " " "
" " " " " " "

You might do us harm or yourself
" " " " "
you could say oh don't tell me what to do
Same refrain with a different interlude
Well if so excuse me
But still I wanted
So there

Please don't hang onto those thoughts I am your dear
If you could bring curse
So please don't hang on
And please don't fall asleep
With those thoughts — Just fall asleep.
