I have not been here there
I use stuff ~~in the~~ so it appears
and as I ~~wind~~ made the road
I keep my ~~own~~ mess with me

wherever I go
Don't through stuff out like some folks do
~~at the end of the road~~
~~I got a place where I get~~

on the streets ~~start the~~
It's got a place when I get home
I keep my ~~own~~ mess with me wherever I go

and ~~try~~ to look down my nose
at litterbugs but still I pose
There's a time that I have got
to ~~do~~ some values and call a slot a slot

The way we use containers now
It's like their source and ~~run~~ out
I still respect their treatment thing
and keep my ~~own~~ mess with me wherever I go
