Kids Summer Fun

4/80

(Intro)

I might cost too much to live here  
Count the ways we gotta clean up our streets

I don't look to politicians to change it

I just look to you + me

I'll ~~be like~~ like a garden

I'll ~~be like~~ flowers if has weeds

~~Believe~~ I believe we can well cultivate it  
and it will be what we believe it can be

There's roots in ~~our people~~ <sup>age</sup> and wisdom

Without them we're shaky + lost

But there's the kid in all of us

That wants to get across

~~So now lets sing of playing~~

~~all~~ all of us kids have fun at home

But this song is about

Fun that we can share together

Fun when we go out.
