

7. Lucille

I had enough a socialized
I had enough a couch
So I'm a gonna close this door right now
And say goodnight to you

Goodnight - Goodnight Lucille
It's time for our curfew
~~and in a gh~~

It's been a delectable evening
But I must make a retreat
Maybe I'll go and work till late
Or maybe I'll just soak my feet
(Ch - I'll see you deep anew)

Man I got a right to privacy - aint no lady take that
Maybe I'll go out + play somewhere in Seel - you go off to your
aint gonna be like those guys + those gals
who insist on their own sex for all of their pals
flexin' their whatever + sayin we can do without you
That's not my way but fine if they want to

I got a little place in mind dear
We can go there in a day or two
Unless you need me - I'm hopin you read me
I'm sayin goodnight to you
