

Went over to North Beach to see my friend
I saw no rope hanging down from by ~~the~~ ~~water~~
Then I knew - Lulu's gone ~~at the beach~~

Gone to Hawaii her daughter said
Packed up her favorite paintings + took off ~~all~~
Wouldn't you - Lulu's gone ~~all~~

Lulu's gone - gone

Often I'd whistled out on the deck
Then we meet up as few others do
Now no Lu - Lulu's gone

Soft tiny pictures from her warm hands
Now ~~can't~~ ^{can't} ~~even~~ go halfway over the ocean
To see what's new - Lulu's gone [Ch]

Lulu when you giggle/hon - you save me from the help
Lulu when you ~~giggle~~ hon - we love our girls our eyes they
If I were a Buddha I'd say bless your soul
Lulu Lulu when you go

I'll write no letter a song for her
Sort of a circle that's not quite complete
She'll know I knew - Lulu's gone
She's painted a picture that she can't love
Now she need not visit from Hawaii - To Conclude
