4/4 a One Sided World 115 11/79

you're right I'm wrong
~~I'm wrong~~ to whatever comes along
It's really a one sided world

you're true I'm false
Let's make it a waltz
3/4 It's really a one sided world

You're good I'm bad
You're fun I'm sad
Oh it's really a one side world

Whatever you touch comes up roses
~~whatever~~ wherever you are you are sure
Wherever I go people blow their noses
Whatever I leave is manure

You're fit I'm not
You grow I rot
It's really a one sided world
You're like I'm dead and though we're wed
We still depend upon the bed and
Quiet doesn't get noticed you
You're right I'm wrong that's the end of this song It's really a one sided world
