12/79 Samadhi Busters

When you're out in the hall - your mind just from the wall
and you're plagued and ad cahn't be prepared for a fall
Here we are
Samadhi Busters ! (3 times)

When you're floated on high
and you're sure that you're right
and you're not at all tight
and you bathe in the light
We attack day or night
Samadhi Busters ! (3 times)

When you're into the groove
and you've measured the truth
To a point of approval
Now that everything's smooth
We'll make our move
Samadhi Busters (Ch)

Do you remember when you're setting low
The guys who walked by with the loud radio
Do you remember the doubtful thoughts
Or forth a raspberry blowing
Remember the teacher who didn't come to Sat
Samadhi Busters took it out
You remember how many Sessions - were disrupted
by them and jacked the guy around
behind corners - they'd sneak through walls
find your weakness - if you can be perturbed Samadhi Busters will be there for sure
