8/79 GR ☆ Won't Always Be Like This

When I was feeling awful
what is easier for you to understand
I told my [illegible] that I'm sorry
He was sympathetic
but gave me nothing and played dumb
He did say Won't always be like this
Won't always be like this I suppose
Won't always be this way
Won't always be like this you know
I wonder what else you could say
when I was somewhat younger
when I could talk a pretty young miss
I forget it when we were grown but when she said get more
I won't reward like this
is the [illegible] open to scared of what's to come
and fantasize and hear all the superstitious theories
I merely say here and like the same
which [illegible]
[illegible]
[illegible]
Won't always be like this
