Pelicans fly by in a ~~big~~ soft blue silhouette sky  
when those big bodies go down they don't make me  
cry

4

oh yes the folks who make a pact  
with you the real live body snatchers  
Their hearts + minds are full of Tacks  
Forgive them cause they know not what

Don't know where they're going

Don't know what they are

They're just what I see out the window

Good Now Pelicans

Folks round here could break their backs

Don't care about your fuckin' backs

you'd merely put them up their backs  
put them up with a mouth of socks

let em fall right through the cracks  
don't care about your fuckin' backs

Don't care about your fuckin' backs  
Folks round here could break their backs

you'd merely put them ~~up~~ <sup>all</sup> ~~up~~ <sup>up</sup> their backs  
put them up with a mouth of socks  
Mr. Bigness ... Mr. Bigness ... through the cracks

Now you've got ~~the~~ <sup>the</sup> Plutocrats  
with your ~~reductions~~ <sup>reductions</sup> & backs  
Organic life prepares attacks  
on ~~you~~ <sup>you</sup> the robot of paperbacks

Mr. Bigness & shouldn't tell you all this  
you might just wipe me out

~~But that's OK~~  
Maybe you'd better cause I would like  
to shrink you down to size

Bill  
and to the folks who ~~take your side~~ <sup>make your pack</sup>  
with this real life body snatcher  
soon their mouths are full of socks  
Forgive them cause they know that whack
