

Now there been a lot of werewolf movies
Scared us off our seats
A couple of them recently
are gonna be hard to beat
and I learned ~~in~~ in these Movies that there's
Is the sign of the Pentagon
~~Then~~ I ~~looked~~ ^{looked} at a picture of the Pentagon
and I fell back and said "God Damn"

There's werewolves in the Movies
in Transylvania too
There's Werewolves in the Books
But aint none in the Zoo

There's Werewolves in the Pentagon
I know it I can tell
~~look at that picture~~
Its worse than a conspiracy
~~Its~~ a fiendish plot from Hell
