

~~Can't explain~~

There she goes
She's a loner alright
Mighty tough
lady is walkin' tonight

See her shadow
From the big city light
Don't know her name
But lady is walkin' tonight

What does she do for her innocence
Hungry to play now and then
Wonder if she's got a family, ^{a teacher} ~~teacher~~
a lover - a friend

Just barely see her ^{to the right}
Down the street ~~out of sight~~
What is she down
Lady is walkin' tonight

I'd say hello
But I'm afraid of a fight

I'll let her go ^{feel you}
Black Sister I ~~can't see~~ ~~the~~ ~~ghost~~ ~~of~~ ~~you~~
How ^{Lookin' clean} ~~does she~~ ~~answer~~ ~~her~~ ~~ghost~~

~~Does it say go with the mist~~
Wonder if she ^{is you} ~~works~~ ~~in~~ ~~daytime~~ or stays in ~~the~~

Some room like a girl
